TRANSFORMATIONAL OUTCOMES
FOR RARE CANCER HEROES

UNITE + FIGHT FOR KIDS WITH RARE CANCER

FAQ

WHY CHANGE?

Simply put, because it was never just about Isabella. All children should have access to the best treatment and care regardless of where they live.

Due to the lack of funding, we recognize the need to advocate for rare cancer families — to raise awareness, advance research and give them a fighting chance.

This expansion represents a genuine passing of the torch, enabling us to carry forward a legacy that will touch the lives of many more rare cancer heroes, echoing the spirit and resilience of all children fighting these devastating diseases.

WHAT DOES THIS MEAN FOR ISF?

While ISF may have a fresh look and feel, our dedication to our mission remains steadfast, and we're excited to invite our community to be a part of this next chapter.

As our team grows and our reach expands, you can expect more targeted funding initiatives, engaging events, regular updates from the families and hospitals we serve and more opportunities to bolster our cause.

We assure our current supporters that we will keep the families we serve at the forefront of our mission and remain who we have always been: a small yet mighty team on a mission to fight for kids with cancer.

WHERE DOES MY DONATION GO?

Through TORCH, we will collaborate with hospitals across the Carolinas to fund clinical trials, basic science and survivorship projects at their establishment.
